

Tower Aerospace Newsletter

November 2016 Issue 101

**To: University Program Professors
Advanced Technology and Science Project Support
An introductory Newsletter**

Tower Aerospace Is a Canadian Family Owned and Operated Technical Support Company - Since 1978 Tower Aerospace is a Sales Provider of High Tech Materials, Research Equipment and Sourcing Services.

Call Tower Aerospace when you need project support materials and equipment.

Company Objective: To serve and support:

“Teaming helps”

To support Research, Design Organizations and Learning Institutions to provide quality test

equipment, project integrating materials, applicable qualified hardware, fasteners, bonding materials, composite materials, electronic components and systems, analyzers, new and used testing equipment, specialized advanced metal materials, titanium, stellite, composite aluminum advanced metals, space tested terminals, chemical bonding materials and very hard to find special equipment.

Support: For 39 Years Tower Aerospace has been in direct support to international flight operations, Company Engineering R and D projects, military customers, government agencies, including Canadian Departments of National Defense, Navy, Army, Air Force, Transport Canada and the Coast Guard. Internationally we have supported the US and other Military and R&D Departments.

Aerospace High Tech Community Support, we do know about Student Support:

Tower Aerospace sponsored two Canadian University Student Flight Design Teams in the SAE fly off in Palmdale California, a “heavy lift competition” for model aircraft design, manufacturing and flight test. Our teams came in fifth out of fifty-five International Teams from three continents. Lockheed Corporation, Skunk Works, sponsored the international fly off.

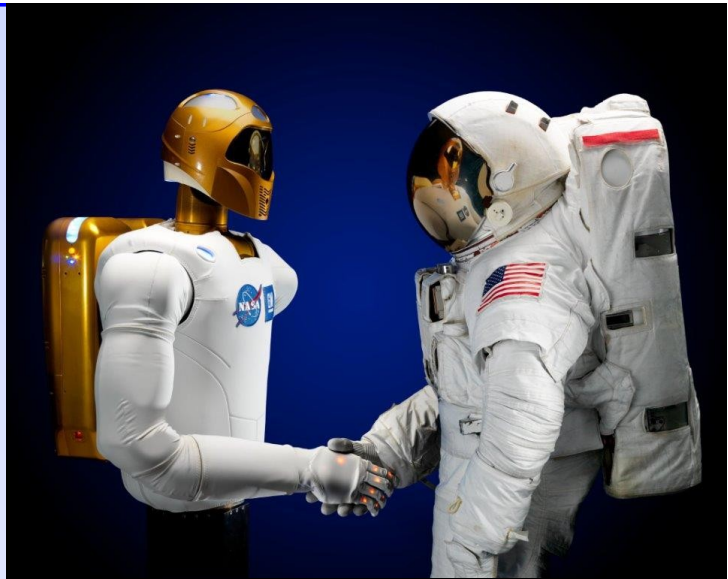

History: International Industry Support:

The Group of Tower Companies has supported several Provincial Aviation Councils, Aerospace Associations, the International Helicopter Association, Canadian Astronautics and Space Institute, the Canadian Aviation Hall of Fame, the United States Airborne Police Association, Paris Air Show, Farnborough Air Show, Red Hill England Helicopter Show, and Air Show Canada.

Perhaps this small example of our capabilities will help you understand our depth of support.

Call if it seems impossible, if we can't do it, we will tell you immediately. However, we will do our best.

“Teaming and intuition truly work”. Our thanks for your time and consideration.

**"ASTRONAUT MEETS ROBOTIC HUMANOID,
COMPLIMENTS OF NASA"**
